DEPARTMENT OF HEALTH AND HUMAN SERVICES
National Institutes of Health

OFFICE OF THE DIRECTOR, NATIONAL INSTITUTES OF HEALTH Notice of Meeting

Pursuant to section 10(a) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of a meeting of the Recombinant DNA Advisory Committee.

The meeting will be open to the public, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

Name of Committee: Recombinant DNA Advisory Committee
Date: June 19, 2012
Time: 9:00 AM to 3:30 PM
Agenda: The NIH Recombinant DNA Advisory Committee (RAC) will discuss selected human gene transfer protocols. Please view the meeting agenda at http://oba.od.nih.gov/rdna_rac/rac_meetings.html for more information.
Place: National Institutes of Health
Building 31C
9000 Rockville Pike
6th Floor Conference Room
Rockville, MD 20892

Contact Person: Chezelle George
Office of Biotechnology Activities
Office of Science Policy/OD
National Institutes of Health
6705 Rockledge Drive, Room 750
Bethesda, MD 20892
301-496-9838
georgec@od.nih.gov

OBA will again offer those members of the public viewing the meeting via webcast (see OBA Meetings Page available at http://oba.od.nih.gov/rdna_rac/rac_meetings.html) the opportunity to submit comments during the public comment periods. Individuals wishing to submit comments should use the comment form, which will accommodate comments up to 1500 characters, and will be available on the OBA website during the meeting (see OBA Meetings Page). Please limit your comments to a statement that can be read in one to two minutes. Please include your name and affiliation with your comment. Only comments submitted through the OBA website will be read.

OBA will read comments into the record during the public comment periods as stated on the agenda. It is not unusual for the meeting to run ahead or behind schedule due to changes in the time needed to review a protocol. It is advisable to monitor the webcast to determine when public comments will be read. Each public comment period follows a specific discussion item. OBA will read comments that are related to the protocol under discussion at that time. General comments unrelated to the protocol or presentation under discussion at that time. General comments unrelated to a specific agenda item will be read at the end of the meeting, time permitting. Comments submitted by email through the OBA website will follow any comments by individuals attending the meeting. Comments will be read in the order received and your name and affiliation will be read with the comments. Please note OBA may not be able to read every comment received in the time allotted for public comment. Comments not read will become part of the public record.

In the interest of security, NIH has instituted stringent procedures for entrance onto the NIH campus. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

Information is also available on the Institute's/Center's home page:

<http://oba.od.nih.gov/rdna/rdna.html>, where an agenda and any additional information for the meeting will be posted when available.

OMB's "Mandatory Information Requirements for Federal Assistance Program Announcements" (45 FR 39592, June 11, 1980) requires a statement concerning the official government programs contained in the Catalog of Federal Domestic Assistance. Normally NIH lists in its announcements the number and title of affected individual programs for the guidance of the public. Because the guidance in this notice covers virtually every NIH and Federal research program in which DNA recombinant molecule techniques could be used, it has been determined not to be cost effective or in the public interest to attempt to list these programs. Such a list would likely require several additional pages. In addition, NIH could not be certain that every Federal program would be included as many Federal agencies, as well as private organizations, both national and international, have elected to follow the NIH Guidelines. In lieu of the individual program listing, NIH invites readers to direct questions to the information address above about whether individual programs listed in the Catalog of Federal Domestic Assistance are affected.

(Catalogue of Federal Domestic Assistance Program Nos. 93.14, Intramural Research Training Award; 93.22, Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds; 93.232, Loan Repayment Program for Research Generally; 93.39, Academic Research Enhancement Award; 93.936, NIH Acquired Immunodeficiency Syndrome Research Loan Repayment Program; 93.187, Undergraduate Scholarship Program for Individuals from Disadvantaged Backgrounds, National Institutes of Health, HHS)

Dated: May 18, 2012

Jennifer S. Spaeth
Director, Office of Federal Advisory Committee Policy
